

# Fort Lauderdale To Chlorinate Water System

## WATER TREATMENT SCHEDULED FOR JUNE 5 TO JUNE 26, 2010

The **City of Fort Lauderdale**, which provides water to the **Town of Lauderdale-By-The-Sea**, is temporarily returning to using free chlorine in its drinking water system. This preventive maintenance procedure will be conducted beginning at 11 p.m. on Saturday, June 5 through 11 p.m. on Saturday, June 26, 2010.

Free chlorination is a common practice for water systems using combined chlorine disinfection. The chlorination period is anticipated to be transparent to our customers; however, some may notice a slight change in the taste or smell of their tap water.

This procedure will affect **Lauderdale-By-The-Sea**, Oakland Park, Port Everglades, Sea Ranch Lakes, Wilton Manors & sections of Davie and Tamarac.

Water customers who receive a utility bill from the City of Fort Lauderdale may contact the 24-Hour Customer Service Center at 954-828-8000.
